

PEACEFUL OUTLOOK IN OLD KENTUCKY

Republican and Democratic Conferees Come to an Agreement.

TAYLOR TO WITHDRAW

It is Also Determined That the State Troops Will Be Dismissed.

Taylor Now Has the Matter Under Consideration, and It is Thought He Will Accept—The Remains of Goebel Lying in State at Covington—No Session of Republican Legislature at London—If No Settlement is Made, Bloodshed is Certain

Frankfort, Feb. 6.—[Special Telegram]—Gov. Taylor has agreed to relinquish the executive office on the terms agreed to by a joint conference committee of democrats and republicans.

Frankfort, Ky., Feb. 6.—[Special Telegram]—Gov. Taylor has not yet received any official information regarding the action of the Louisville peace conference committee and declines to discuss the matter. The agreement between the republican and democrat conference committees was brought from Louisville this morning and immediately conveyed to Gov. Taylor.

Postmaster Baker and Gen. Dan. Lindsay after spending two hours conferring with Taylor or the articles of agreement left very much depressed. Baker said that the matter had been indefinitely postponed and he did not know when the conference with the acting governor would be resumed. Taylor wants to confer with his attorneys tonight. Until then no further action in the matter will be taken. Politicians are satisfied that if Taylor finally decides not to sign the agreement it will be because he is standing by the militia.

Railroad Has Quit Taylor. It is said that the Louisville & Nashville railroad which was deeply interested in the defeat of Mr. Goebel, has now withdrawn its support from Mr. Taylor and is even urging him to quit. The hostility between Mr. Goebel and the corporation was never a secret, and it is known that the opposition of that railroad was directed against the leader rather than against the democratic party.

The enforcement of the writ of injunction against Gov. Taylor will be placed in the hands of Sheriff Suter on Friday. This will be the crucial point in the whole controversy. If Mr. Taylor yields bloodshed will be averted. If he attempts to ignore the sheriff a posse will be sworn in to enforce the court's order.

Sheriff's List of Assistants. Sheriff Suter is a silent, courageous, indomitable man, and it is known now that he has prepared a list of 5,000 men from Franklin and Owen counties who are eager to be his followers in the battle which must follow if Mr. Taylor resists the sheriff.

At present it is the determination of both Mr. Taylor and Gen. Collier to submit to no civil process. It is impossible to learn what influence, if any, is being brought to bear upon them from Washington or elsewhere to induce a backdown. They maintain a defiant front, and if it is sustained but one result, according to the consensus of opinion, will follow. Civil war, bloody and intensified by the suppressed rage of years of bitter partisanship, will break forth before the week is ended.

Taylor's Family At the Capital. Mr. Taylor's wife and eight children were removed to the executive building during the day with a wagonload of household goods. A strong guard accompanied them and the family is now located in Mr. Taylor's offices. Their meals are prepared and served by the soldiers and they are not permitted to leave their apartments or to show themselves at the windows. The children range in age from eight months to sixteen years.

Mrs. Taylor is said to be continually pleading with her husband to withdraw from the fight and return to their home.

TO LIE IN STATE AT COVINGTON

Remains of Goebel Received by Thousands Early This Morning

Covington, Ky., Feb. 6.—[Special Telegram]—The remains of Goebel arrived here this morning. The departure of the body from Frankfort bordered on the weird. The rain was descending in sheets and it was as dark as pitch when the body was removed to the special train. There was not a dozen people in sight and there was not the least excitement. An impressive scene marked the arrival of the funeral train here. Fully five thousand people were at the depot, many of whom wept as the coffin was taken off the train.

were taken to Odd Fellows hall, where they will lie in state. The body will be returned to Frankfort for burial tomorrow.

REACH A TRUCE IN KENTUCKY

Conference of Republicans and Democrats to Settle Trouble

Louisville, Ky., Feb. 6.—After a session of eighteen hours in a room in the Galt house, the democratic and republican peace commission reached an agreement at 2 o'clock this (Tuesday) morning. The provisions of the settlement are as follows: First—All troops are to be withdrawn from Frankfort.

Second—The legislature is to be permitted to resume its sessions and validate the election of Goebel as governor and Beckham as lieutenant-governor to their respective offices.

Third—The contest board to resume sitting and pass upon the cases still before it.

Fourth—Any party not satisfied with the decision of the legislature or board of contests may carry the matter to the courts for final adjudication.

Democrats in Caucus.

The democratic members of the legislature in the city were called into caucus as soon as the peace conference adjourned, and decided to return to Frankfort today.

Will View the Dead.

Citizens of Covington to Look on Goebel's Remains.

Covington, Ky., Feb. 6.—A special train left Frankfort Monday night bearing Senator Goebel's body and the party escorting it to Covington. The train reached this city early this morning. The body will lie in state until 10 p. m. tonight. It was first intended that the hours during which the public would be permitted to gaze upon the features of the dead should be shorter, but Senator Blackburn suggested that many people of the laboring class, who were Goebel's sincerest admirers, might not have the opportunity to look upon him until after the working hours of the day. For that reason it was decided that the hall containing the catafalque should remain open until 10 p. m.

On arrival of the train in Covington the relatives of the dead statesman went at once to Cincinnati. There was no attempt at display in the ceremonies attending the arrival of the body in Covington. A guard of honor consisting of fifty citizens of Covington received the body, and a portion of the guard will be in the hall during all the time the body is lying in state. The body will be taken back to Frankfort tonight, reaching there at 8:30 o'clock Wednesday morning. The funeral will be held from the state house Thursday. The remains will be buried in Frankfort, in the cemetery in which lie the bodies of Daniel Boone and many other famous Kentuckians.

CAUCUSES HELD AT LONDON.

Republican Legislators Hold a Session, but Have No Quorum.

London, Ky., Feb. 6.—When the joint caucus of the republican members of the general assembly was called to order by Chairman Barrett Monday afternoon only forty members were present. There was a general discussion of the situation, and Governor Taylor was commended for his firm and manly attitude under such trying circumstances. The house caucus was presided over by Representative Slack, but nothing was done further than to read some dispatches from absent members stating that they would be here tomorrow morning to attend the session of the legislature. The senate caucus met promptly after the house members adjourned, and a committee was appointed on motion of Senator Jolly to draft resolutions of respect for Senator Goebel. Mr. Jolly was nominated for president pro tem. of the senate, to fill the vacancy caused by the death of Mr. Goebel. The program of the republicans to have the two houses meet from day to day until a quorum has been obtained has not been changed. Good order prevails.

AMERICANS SUFFER VERY SEVERE LOSS

Fierce Fight With Filipino Rebels Near Niac by the Forty-fifth Infantry.

Manila, Feb. 6.—[Special Cablegram]—In a fierce fight between the attacking insurgents and a battalion of the Forty-fifth Infantry near Niac an American major and captain were wounded and a sergeant killed. A complete report of the engagement has not yet been received.

JOHN HAY ACHIEVES A GREAT VICTORY

AMERICAN DIPLOMACY GAINS A POINT OVER ENGLAND.

Absolute Neutrality of the Nicaraguan Canal Conceded Will Raise Powerful Opposition to the Confirmation of the Treaty in the Senate—Facts About the Canal.

Washington, Feb. 6.—Secretary Hay achieved a great victory for American diplomacy in negotiating the Nicaragua canal treaty with England. For forty years the Clayton-Bulwer treaty has hung like a cloud over the desire of the United States to construct an isthmian canal and now this obstacle has been removed without giving an equivalent or consideration apart from the canal question itself.

The treaty was sent to the senate yesterday afternoon where it was read in executive session and referred to the committee on foreign relations. At first the news was hailed with delight at the capital and the congratulations which the administration had received at the other end of the avenue were repeated by senators and representatives. But when it became known that absolute neutrality of the canal had been conceded, that enemy ships are to have the same rights as our own, there was in part a revulsion of feeling.

Will Be Powerful Opposition.

Whether or not the treaty can be ratified in the senate it is now too early to say. Powerful opposition has already appeared and not all of it is from the Democratic side of the chamber. The administration will make it a party measure and endeavor to secure ratification with all its power and influence, but the result is still in doubt. The senate committee did not provide for neutralization in the bill reported by it ten days ago, though Senator Morgan did favor neutralization in his written report or comment upon the bill.

The following figures have been gathered from various official reports in relation to the Nicaraguan canal:

Facts About the Canal.

Total cost of canal (estimated)	\$125,000,000
Money already spent by Maritime Canal Co.	5,138,428
Total distance from ocean to ocean	160.4 miles
Length of proposed ditch	27 miles
Length of natural waterway	142 miles
Proposed width of canal	300 feet
Proposed depth of canal	20 feet
Quantity of earth to be excavated and dredged	132,781,270 cubic yds.
Excavation proper	29,807,400 cubic yds.
Highest elevation of canal from level of sea	110 feet
Distance saved for ships going from coast to coast	8,000 miles
Time saved (at war ship Oregon's rate of sailing)	42 days
Increase in ocean traffic since 1881	36,000,000 tons
Distance from New York	2,000 miles
Distance from San Francisco	2,700 miles
Distance from Philippine Islands	9,000 miles
Distance from Honolulu	4,200 miles
Time required for construction	Six Years

It is understood the senate committee on the inter-oceanic canal has a majority for neutralization, including Senator Morgan, but a two-thirds vote will be required to ratify, and a two-thirds vote is a most difficult thing to get in the senate on any important proposition.

MITCHELL FARM FOR \$275 AN ACRE

Located Three Miles From the Post-office on Milton Avenue—William Mackin the Purchaser.

At \$275 an acre, the Eugene Mitchell farm was yesterday sold to William Mackin for \$5,500. The farm consists of twenty acres located on Milton avenue three miles from the post office and is improved with a dwelling, tobacco shed and a barn.

By the transfer of this farm is set a new price on real estate in the farming section near the city. The price is considered a good one simply indicating that Rock county farming property located adjacent to the city is in demand at good prices.

During the past few days local real estate dealers have had several inquiries for farm property near the city, many of these inquiries coming from Chicago men wanting summer homes in this section. Property in the city is also in good demand and several large sales have been made of late at good prices.

MILWAUKEE STANDS A VERY GOOD SHOW

Cincinnati Has Withdrawn and Cream City Will Get the Democratic Convention

Washington, D. C., Feb. 6.—[Special Telegram]—Cincinnati, the strongest competitor against Milwaukee for the Democratic National convention, has withdrawn from the race. This practically insures the selection of Milwaukee as the meeting place of the democrats in the summer.

The withdrawal of Cincinnati is approved by John R. McLean, and the support which has heretofore been given the Ohio city will swing into line for Milwaukee.

GOVERNOR NAMES PECK AND MERRILL

TWO NEW STATE UNIVERSITY REGENTS APPOINTED.

Charles Nolan Found Guilty at Madison of the Murder of Thomas Good, is Sentenced to Life Imprisonment—Wausau Honors the Remains of a Philippine Soldier.

Madison, Wis., Feb. 6.—Gov. Scofield has announced the appointment of ex-Governor George W. Peck of Milwaukee, to succeed John Johnston of Milwaukee, and George F. Merrill to succeed J. A. Van Cleave of Marinette, as state university regents. James H. Stout of Menominee is appointed to succeed himself.

George F. Merrill of Ashland, who succeeds J. A. Van Cleave of Marinette, was born in Dodge county, in 1847. He attended Wayland academy at Beaver Dam and the state university at Madison. He graduated from the university in 1872, completing the classical course. He is by profession a lawyer. Mr. Merrill was elected state senator for the Eleventh Senatorial district in 1886.

Upon his retirement as a university regent John Johnston left a vacancy as president of the board. It is understood that the board as it is now constituted will choose former United States Senator Vilas as president.

Nolan Goes Up For Life.

Madison, Wis., Feb. 5.—Charles Nolan, the young man who was found guilty Saturday night of the murder of Thomas Good, was yesterday morning sentenced to life imprisonment at Wausau by Judge B. G. Siebeck. He will be taken to prison tomorrow. The first day of his confinement there and each succeeding anniversary of the murder, August 27, will be spent in solitude with food consisting of bread and water.

Meet in Milwaukee in 1901.

Madison, Wis., Feb. 6.—The Executive committee of the Wisconsin Horticultural society met in the capitol last night and decided to recommend to the full association, which begins its annual meeting here today, that Milwaukee be selected for the place of the 1901 meeting. The committee also decided to recommend that another trial orchard be established in the northern part of the state.

Mid-Year Graduates at Whitewater.

Whitewater, Wis., Feb. 6.—Two unusually large classes have completed the elementary and complete courses at the Normal school here. The graduates are Mary E. Brown, Nellie F. Dexter, Boscobel; Ethel F. Battles, Waterford; Nellie Emerson, Beloit; Arthur H. J. Hahn, Oliver W. Hake, Whitewater; Edythe M. Holt, Columbus; W. B. Robertson, Fort Atkinson; Anna M. Schreiner, Prairie du Sac; Carrie S. Walbridge, Beloit.

Wausau Mourns Her Dead.

Wausau, Wis., Feb. 6.—The body of Thomas F. Fitzgerald, the Wausau soldier who died at Manila while with the army arrived here last night and was placed in the courthouse where almost every citizen in town viewed the soldier's body. The casket was guarded by ex-members of Co. G, Third regiment Wisconsin Volunteer Infantry. The funeral will be held this afternoon at 2 o'clock.

Leaves for Trip to Egypt.

Beloit, Wis., Feb. 6.—Mrs. Myria Grinnell well known in W. B. C. started yesterday for New York where she will join a party of tourists for a trip to Egypt. She will be absent till midsummer.

ANOTHER BIG FIRE RAGED IN BELOIT

Furniture Store of P. N. Jenkins Destroyed—Total Loss Will Reach Over \$4,000.

Beloit, Wis., Feb. 6.—[Special]—Fire broke out in the furniture store of P. N. Jenkins about 10 o'clock this morning and did considerable damage. The fire started in the basement and went up the elevator to the third floor. Mr. Jenkins' loss will be about \$3,000. The loss of Mr. Smiley, a shoe dealer, who has a shoe store next to the building, will be about \$500, his loss being caused by smoke and water drippings. Dr. Pechman, who has an office on the third floor, will suffer a loss of about \$100.

The damage to the building will be about \$1,000. The total loss will amount to from \$4,000 to \$5,000. Mr. Jenkins' furniture is insured.

Barn and Farm House Burned

Menominee, Wis., Feb. 6.—[Special Telegram]—Firebugs set fire to the barn and farm house owned by J. J. Gerguiski last night. Both buildings were destroyed. The loss was \$3,000.

REBELLION ON ISLAND OF FERNANDO PO

Spain Has Sent Troops to Reinforce the Garrison at That Point.

Madrid, Feb. 6.—[Special Cablegram]—Spain fears that a serious insurrection is imminent in the island of Fernando Po. Reinforcements have been sent to the point.

SIBLEY DECLARES HIS VIEWS

Supports McKinley Believing He Has Nation's Best Interests at Heart

Oil City, Pa., Feb. 6.—In a letter from Congressman Joseph C. Sibley, addressed to the voters of the Twenty-seventh Pennsylvania District, he says that he will gladly become a candidate for reelection on the understanding that he will support any measure he considers of benefit to the nation regardless of the party advocating it. He says further that he is now in full sympathy with the administration, which he thinks has the best interests of the country at heart, and is using the best means for looking after them.

PAT CROWE UNDER ARREST.

Notorious Criminal Charged with Robbery of Northwestern Express.

Chicago, Feb. 6.—Patrick Crowe, suspected of being implicated in the daring Northwestern train robbery between Maple Park and DeKalb on the night of Oct. 13, was arrested Monday afternoon in Chicago, and has been spirited away by the police. The place of his confinement is kept a secret. Crowe's arrest is the result of a chase extending over a period of three months and embracing a territory of a thousand miles. Crowe is one of the most notorious criminals in the country. It is now asserted that \$98,000 were secured by the robbers of Oct. 13, instead of \$8,000, as reported at the time.

CABINET IGNORES KENTUCKY AFFAIR

Important Amendment to the Currency Bill Reported By Senator Aldrich Today.

Washington, Feb. 6.—[Special Telegram]—The cabinet ignored the Kentucky situation at its meeting today. The appointment of Judge W. H. Taft of Cincinnati, as president of the Philippine Commission was announced today.

In the senate today Senator Aldrich reported from the finance committee an important amendment to the financial bill. It provides that nothing in the act shall place obstacles in the way of national bi-metalism in the event other nations concur in an agreement.

BODY OF MAJ. LOGAN WILL LIE IN STATE

Immense Throngs Received the Remains at the Depot This Morning—The Funeral Tomorrow.

Youngtown, O., Feb. 6.—[Special Telegram]—The remains of Maj. Logan arrived here this morning. An immense throng witnessed the arrival of the train. The body was taken to St. Johns church where it will lie in state until tomorrow afternoon, when the funeral occurs.

Major Logan Is Honored.

Chicago, Feb. 6.—At least 15,000 persons visited Memorial hall Monday and filed past the catafalque whereon rested the remains of the late Major John A. Logan. From 9 o'clock till 4 o'clock the stream of people was continuous, and during the noon hour the line was a solid moving mass. Young and old, veterans in uniform and women of culture and fashion, all walks of life and all ages, were represented in the long procession.

RE-ELECT BABCOCK CHAIRMAN

Republican National Congressional Committee Organizes in Washington.

Washington, D. C., Feb. 6.—The newly organized Republican National Congressional committee held its initial meeting last night for the selection of officers and adoption of general plans. Representative Babcock of Wisconsin, was re-elected chairman. Mr. Babcock was empowered to name the executive committee, which was given authority to carry on the work in the absence of the full committee.

A resolution was adopted requesting that early conventions be held in the various districts in order that the National committee may learn the nominees and officers and bring about general cooperation.

BITTER LEGAL FIGHT ENDS.

Minnesota Law Requiring Barbers to Take Out a License Is Sustained.

St. Paul, Minn., Feb. 6.—The fight over the Minnesota barber law, requiring all barbers in this state to have licenses, which has been bitterly waged for two years, ended in the Supreme court Monday in a victory for the law. George A. Zane of Minneapolis refused to take out a license, was arrested, and his case carried to the highest court. Justice Brown states that the law is a protection from disease so easily spread by unclean or incompetent barbers; that it requires experience and training to make a competent barber, just as it does to make skilled operatives in other callings, and the requirements of the law in this regard are not unreasonable. It is held that the public is interested in the maintenance of cleanly barber shops, where the patrons are safe from disease, and there is just as much necessity for this law as there is for those regulating the practice of dentistry, law, medicine or plumbing.

GEN. BULLER KEEPS LONDON GUESSING

Reported Advance Across the Tugela Neither Confirmed Nor Denied.

London, Feb. 6.—[Special Cablegram]—Gen. Roberts in a dispatch to the war office today reports the situation unchanged.

MOVE IN CAPE COLONY

General French Sends Strong Force of Infantry to Seize Norval's Pont.

Wide Detour to Avoid Strong Positions Likely—War Office Denies Having News From the Army in Natal—Reports From Orange River Indicate a Decisive Move by the British—A Large Force Gathered Ready to Invade the Free State.

London, Feb. 6.—[Special Cablegram]—A British proclamation has been issued here inviting the Boers to desert and promising good treatment to such deserters and restoration of their farms when the British occupy the republics.

British Make Fair Promises.

Kipling Arrives at Cape Town.

Cape Town, Feb. 6.—[Special Cablegram]—The Argus says that ninety guns, comprising the armament at Pretoria have been dismantled and sent to the front.

The Steamer Kinsane Castle, having on board the Duke of Marlborough and Rudyard Kipling, arrived here today.

Czar Will Demand Arbitration.

Paris, Feb. 6.—It is rumored in Paris that the Czar will personally take up the demand for arbitration between England and the Transvaal, and that Dr. Leyds had managed to warn Gen. Joubert of General Roberts' plan to transfer the scene of war to Natal.

London, Feb. 6.—The report of the advance of Gen. Buller is still unconfirmed. It was announced at the war office this morning that no news of his having recrossed the Tugela had been received, and nothing has come from the correspondents. Durban, which when there is no genuine news invariably makes some, sends a report of heavy firing Sunday and records a highly successful test of a new naval 4.7 gun mounted on a special car on the railway. This gun vigorously shelled the Boer trenches behind Colenso. The blue jackets have named the gun "Lady Randolph Churchill."

A Ladysmith correspondent, in a telegram dated Jan. 31, reports that the situation there is unchanged. The Boer artillery is silent, except for an occasional half-dozen rounds. Two Boer laagers have been made in the direction of Tabanama.

In the absence of anything important from Natal, attention is fixed on Colenso, and that neighborhood, where, according to a report which reached Cape Town Monday, there is great activity. It is said that Gen. French is engaged in an important movement, with the object of seizing the railway bridge across the Orange river. The dispatch adds that an overwhelming force of infantry has been sent to capture Norval's Pont. The cavalry, having completed their reconnaissance, are being retired to reconquer their losses.

WAS ANXIOUS FOR PEACE.

Chamberlain Tells Why Britain Was Not Prepared for War.

London, Feb. 6.—A speech, upon which it is scarcely an exaggeration to say, hung the political fate of its maker, was delivered in the house of commons Monday by the Rt. Hon. Joseph Chamberlain, secretary of state for the colonies. It is against this man, who is universally held to be chiefly responsible for the war in South Africa, that the gathering bitterness and disappointment in British hearts will sooner or later be directed. He practically put the whole responsibility for the present trouble upon fate. Inherent race differences, he said, in effect, made war inevitable, since long before Majuba hill. That was the basis of the argument in his long speech, which was undoubtedly clever, forcible and eloquent. Yet, on the whole, it was disappointing and unconvincing.

Where Goldfish Are Propagated.

About three miles south of St. Joseph, on the King Hill road, is located one of the Missouri state fish hatcheries. Its chief interest lies in the fact that it is the only place in the state or in the country anywhere, where goldfish are propagated and distributed. Here these little aquarium beauties may be obtained for a mere "thank you," and many are they who avail themselves of this privilege. From October until January four goldfish each are given to every citizen of the state until the supply is exhausted.

REV. HALL ON "DARK DANCES"

Methodist Divine Does Not See How They Could Retain Popular.

Rev. W. A. Hall, pastor of the First M. E. church, in speaking of the "dark dances" recently held in this city said today: "I don't think the dark dances will have much sweep. Of course there are some people who will favor them; but the great bulk of people are against such actions."

This evening Rev. Hall lectures at Walworth, taking for his subject, "How to Reach Your Top Shelf."

Washington School Entertainment

The pupils of the Washington school gave a creditable entertainment last evening at the High school hall. The program consisted of recitations and musical selections and pleased the large audience very much. Stapley Sayre presided. Miss Amy Bowles had charge of the musical part of the program assisted by Prof. Gaskins. The teachers were assisted by Mrs. O. H. Brand, who had charge of the recitations.

Excursion Rates to the Mardi Gras and Winter Resorts

Via the North Western Line. On account of the Mardi Gras at New Orleans and Mobile, excursion tickets will be sold February 19 to 25, inclusive, at very low rates, limited for return passage until March 15. Excursion tickets are also on sale daily at reduced rates, to the principal winter resorts in the United States and Mexico. For full information apply to ticket agents Chicago & North-Western R'y.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

The following figures show the range of prices in the local market. Corrected by P. H. Bump.

FLOUR—Retail at 90¢ @ \$1.00 per sack.
BREAD—Retail at 15¢ @ \$1.00 per ton.
MIDDLING—Retail at 10¢ @ \$1.00 per ton.
FEED—Retail at 70¢ @ \$1.00 per ton.

WHEAT—Fair to best grades, 50¢ @ 60¢.
Buckwheat—\$1.00 @ \$1.20 per ton.
RYE—Good demand at 30¢ @ 35¢.
BARLEY—32¢ @ 35¢ outside for select, old.
EAR CORN—\$7.00 @ \$7.50 per ton.

FELTS—Quotable at 25¢ @ 30¢.
CATTLE—\$3.00 @ \$3.50 per cwt.
HOGS—4.00 @ \$4.50 per cwt.

Do You Know

Consumption is preventable? Science has proven that, and also that neglect is suicidal. The worst cold or cough can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. Sold by J. P. Baker.

Half Rates to National Creamery Butter Makers' Convention, Lincoln, Neb.

Via the Northwestern line. Excursion tickets will be sold at one fare for the round trip, from all stations, February 17 and 18, limited for return until February 23, inclusive. Apply to agents Chicago & Northwestern R'y.

Does This Strike You?

Muddy complexion, nauseating breath come from chronic constipation. Karl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cts. and 50 cts. Sold by J. P. Baker.

Gounod's Lost Opera.

Few people are aware that Gounod, once, in a moment of anger, tore up the manuscript of an opera he had composed, and, though he afterwards repented of his action, he was quite unable to recall its melodies. Gounod's opera "Faust" was nearly lost to the world by the religious scruples of the great composer. About the time he wrote it he determined henceforth only to write sacred music, but, happily for posterity, he thought better of his resolution.

Rare Old Bible Found.

A wonderful old Bible has just been discovered in Venice, the fortunate finder being Leo S. Olshki, a well-known antiquarian of Florence. It is in five large volumes, and was printed in Rome in the printing house of Don Pietro Massimo in 1471 and 1472. Soon after it came from the press it was purchased by a patrician family of Venice, and it was in the archives of this family that Olshki discovered it.

WOMEN IN CONSTANT PAIN

Suffering from some form of female complaint can have the free advice of a great Specialist, a regular practicing Physician, by writing, explaining their trouble, to Geo. C. Tallyerday, M. D., Belvidere, Ills. All communications are confidential and the doctor's advice will bring about a cure in your own home without doctor's fees or operation.

Dr. Tallyerday's Female Tonic goes right to the seat of the trouble in all cases of uterine affections—Leucorrhoea, Protrusion, Suppression, Profuse and Painful Menstruation and taken for some time before confinement—makes child-birth easy. The best tonic for nursing mothers and at change of life, and greatest of Spring medicines. For Sale by all Druggists at \$1.00 a Bottle.

She washes her delicate laces
With Ivory Soap suds, soft and warm;
The frailest in bottles she places
And shakes them—it cannot do harm.
If thoroughly rinsed with clear water,
They're wholly uninjured when dry
Because, as experience has taught her,
Ivory Soap has no free alkali.

The vegetable oils of which Ivory Soap is made fit it for many special uses for which other soaps are unsafe or unsatisfactory.

MYSTERIOUS AFRICAN MINES.

Long Abandoned Shafts That Have Interested Many Antiquarians.

Besides the reefs which have been discovered on the coast there exists in Rhodesia an enormous quantity of "old workings," mines which were worked in ancient times, but have long since been abandoned. By whom these mines were worked will probably remain forever a mystery. From old pottery and tools which have been found it is evident that these old workings were excavated by or under the direction of men of knowledge and intelligence superior to those possessed by the present inhabitants of the country. Gold was extracted from these mines by smelting, many furnaces having been found, and alongside of them ancient molds in which ingots were cast. Several ruins have also been discovered in Rhodesia the magnitude and workmanship of which prove that men of superior civilization either inhabited or else occupied this part of the world a few thousand years before us. To them are probably due the ancient workings which have been found. With the primitive instruments at their command these miners of a past age were only able to scrape the surface of the gold-bearing reefs, so that the quantity of gold which has been taken from the mines hardly affects their value, while they are a precious indication to the prospector and enable him to test the reef below the surface, and, as a rule, the site of most of these old workings seems to have been selected by competent men, who chose the richest reefs.

A Czar's Novel Visiting Card.

From the Ladies' Home Journal: The Russians tell a story of the late Czar Alexander III. that upon the rare occasions when it was incumbent upon him to pay a call he would take a gold coin bearing his "image and superscription" and twisting it between thumb and finger leave it in lieu of a card—the only man in Russia who had strength for the feat.

Robbed and Fatally Wounded.

Joliet, Ill., Feb. 6.—Two hold-ups in the business district a few minutes past 6 o'clock Monday evening caused a sensation. The footpads first pounced upon Glyden G. Gardner, a street car conductor, who had just been paid, attacking him within half a block of the courthouse. After securing \$7 in money and a gold watch, one of the thugs placed a revolver to Gardner's stomach and fired. The bullet passed through the body and came out near the spine. Gardner was taken to a physician's home near by. The wound will prove fatal. The excitement caused by the assault on Gardner was increased by an attempt to rob John Nicholson, a clerk in Jarvis' clothing store. He had just left the store, when footpads attacked him, but he escaped without injury. The police think the robberies were the work of Chicago crooks.

Rockefeller Quits Oil Trust.

Cleveland, Ohio, Feb. 6.—John D. Rockefeller is no longer an official of the Ohio corporation of the Standard Oil company; neither is his brother, Frank Rockefeller. There is a persistent story afloat that the Rockefellers have also withdrawn as officials from the entire Standard Oil company, but this could not be verified. It is said that the Rockefellers retired from active official capacity so as to avoid any future annoyance such as was occasioned by Attorney General Monnett's anti-trust crusade against the Standard.

Union Printers Ordered Out.

St. Louis, Mo., Feb. 6.—Under instructions from Typographical Union No. 8 twenty-five job printers employed at Buxton & Skinner's quit work Monday morning. The office is a mixed one, and attempts have been made to unionize it in all its departments, but unsuccessfully, and so the walk-out was ordered.

Homeseekers' Excursions

Girls, if you wish to be a June bride with red lips, laughing eyes, a lovely complexion, take Rocky Mountain Tea this month. 35 cents. Smith's Pharmacy. Kodak Agents.

A MEASURE OF MERIT

Janesville Citizens Should Weigh Well This Evidence.

Proof of evidence lies in the merit. Convincing evidence in Janesville is not the testimony of strangers; But the endorsement of Janesville people.

That's the kind of proof given here, The statement of a Janesville citizen

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Alton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I could cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

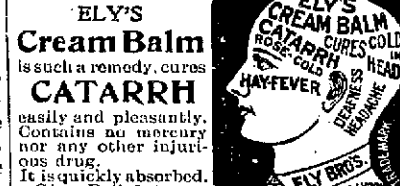

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's and take no other.

Avoid drying inhalants, use that which cleanses and heals the membrane.

ELY'S Cream Balm

is a remedy cures CATARRH easily and pleasantly. Contains no mercury nor any other injurious drug. It is quickly absorbed. Gives Relief at once. It Opens and Cleanses the Nasal Passages. Alleviates Inflammation. Heals and Protects the Membrane. Restores the Sense of Taste and Smell. Regular size, 50 cents; Family Size \$1.00 at Druggists or by mail. ELY BROTHERS, 36 Warren Street, New York.

Wisconsin Weather Forecasts
Partly cloudy tonight and Wednesday, possibly rain.

THIS DAY IN HISTORY.

1625—Princess Anne and later Queen Anne, daughter of James II, born died 1714.

1775—France officially acknowledged independence of United States and promised an alliance, a decisive event in the Revolution.

1789—The Declaration of Independence, Benjamin Franklin, Arthur Lee and Silas Deane, had been sent as commissioners to the continental congress.

No recognition was accorded them until after the defeat of Burgoyne, at Saratoga, in October, 1777. Previous to the signing of the alliance and the military and commercial treaty, the French government had severely criticized the colonies in their war for freedom by furnishing them arms and stores, without which successful war would have been impossible.

Lafayette had already offered his sword, and soon after the treaty a French fleet from Toulon arrived in the Delaware. In the siege of Yorktown 27 French ships took part; also 1,500 French soldiers.

1815—William Maxwell Evans, distinguished American lawyer, born in Boston.

1846—General John Gibbon, U. S. A., retired, noted veteran of the civil war, died in Baltimore; born 1829.

1889—Gervill, ex-chancellor of the German empire, successor to Bismarck, died near Frankfurt; born 1821.

SEWALL NO BRYANITE.

Arthur Sewall, who was Bryan's running mate in 1896, is an "Bryanite" and declares in favor of the permanent retention of the Philippines. He just returned from a visit to Honolulu where he spent a month with his son, Harold M. Sewall, special agent of the United States in Hawaii. In an interview at San Francisco, he said:

"I have always favored the acquisition of the Philippines after the Paris treaty. The United States should stand with the administration in all that is being done to hold the Philippines; they are worth retaining.

"In regard to politics," Mr. Sewall continued, "Mr. McKinley will be re-nominated and re-elected. Mr. Bryan, too, will be re-nominated but I fear that he cannot reach the goal. The fact is, the country has been too prosperous to warrant any hope of a change in the national administration, and people are slow to take up reform measures when times are as good as they are at present."

In its "Comments, By a Republican" The Milwaukee Journal says:

It is asserted that the shooting of Senator (or Governor) Goebel at Frankfort the other day is a severe blow to the republican party. It may prove to be so, though it is not apparent why it should be. The shooting was the result of Kentucky habits, not of republican habits. In Kentucky people are taught to consider it their duty to kill such of their fellow citizens as are suspected of doing a wrong, for which no sufficient redress is afforded by law. As Mr. Goebel was generally supposed to be on the side of the prosecution of such a wrong, he was shot. That the shooting occurred in the place of a assassination was an irregularity, but it is not hard to be accounted for. Open attack would not only have insured the death of the executioner, but would also have brought about a general slaughter of adherents of both parties; and the republican majority thought his method was the most humane way possible of following out the Kentucky idea.

Governor Scofield has appointed former Governor George W. Peck, of Milwaukee, and George F. Merrill of Ashland as regents of the University of Wisconsin. Ex-Governor Peck has always been a prime favorite with the University students and his appointment had been strongly urged by the students and others. Mr. Merrill is well known throughout the state and has always taken an interest in educational matters. Both appointments will give universal satisfaction.

The Milwaukee Journal republished a clipping from this column, yesterday, placing it inside a heavy border printed in red ink. This, dear reader, does not necessarily imply, however, that either The Journal or The Gazette is an anarchist organ. It simply means that The Journal wanted the clipping red.

Washington dispatches announce that England is willing to surrender her interests in the Nicaragua canal and thus place control with the United States. This is good news. The canal should be built, and Uncle Sam should boss the job.

Everyone condemns the cowardly assassination of Goebel, and the causes and conditions that are responsible, but The Chicago Chronicle's suggestion that he be given the "crown of martyrdom" will hardly find favor. Mr. Goebel could hardly be classed with Abraham Lincoln and James A. Garfield.

Now that Arthur Sewall has removed himself from his chances of a democratic vice presidential nomination, we wish to again remind our democratic brethren of that fact that Hon. Clinton Babbitt of Beloit, Wis., would make an excellent mate for the Nebraska gentleman.

However, we believe it to be the general impression among the doctors that dead boat patients are less desirable than those who pay. If there is any-

thing the matter with this statement, it is subject to correction.

Of course ex-Governor Peck can "teach the young idea how to shoot." Is he not one of the leading members of the aggregation of crack shots composing the Carcass Shooting Club of Lake Koshkonong?

Now that it has been decided that the editor of The Chicago Inter-Ocean did not criminally libel the editor of The Chicago Times-Herald, let the other hyphenated warfairs be resumed.

This is a good time of the year for the farmer to plan some "good roads work." Good roads are of great value to everyone, but of greater importance to the farmer than anyone else.

Some people may want the earth, but few would accept Kentucky unless it was stipulated in the contract that it should be surrounded by a bullet proof fence.

Let the political speculators take notice of the fact that Uncle Ike* is now a member of the Board of Regents of the state university.

*Peck's.

Perhaps the governors of Kentucky will now get together on the platform that united the governors of North and South Carolina.

Goebel was slain, but Taylor was just killed.

CHAS. F. ACHTERBERG ACCEPTS CAPTAINCY

Well Known Tailor Will Be In Command of the Proposed Local Military Company.

Charles F. Achterberg will not act as captain of Janesville's proposed new military company. At a special called meeting it was decided to tender the position to Mr. Achterberg and he accepted. He has had several years training in military circles and he is a man well qualified to fill the position.

Mr. Achterberg said today: "It is true that I have accepted the position of captain. Now I hope that nothing will interfere with the forming of a company here. The boys will have to buckle down to business at all times. That will be the only way to successfully conduct a company."

At a meeting to be held this evening steps will be taken to engage a hall. It will either be Concordia hall or the Armory. Adjutant General Boardman of Madison, states that a hall and a captain must first be selected before a company can be formed.

Taylor Still at Frankfort.

Frankfort, Ky., Feb. 6.—Gov. Taylor is still holding the fort with the militia, and says he has no idea of giving up. The publication to the effect that he had rescinded his order adjourning the legislature to London was untrue. The governor says he intends that the order shall stand and be obeyed. He contends that he had the right to make such an order, and that it must be followed to the letter. Many of the democratic members of the legislature were misled by the publication, and came here Monday thinking there would be a meeting of the legislature in the capitol building tomorrow.

Alonzo Walker, who was arrested Friday while trying to serve a court notice on Gov. Taylor and Adj. Gen. Collier, Monday evening filed suit against the republican executive, his adjutant-general Col. C. C. Mengel, and others, for \$50,000 damages. Walker was charged with trying to incite the soldiers to mutiny, but the governor ordered his release Sunday morning. In his bill Walker claims that he was unlawfully arrested, and that he was greatly humiliated and prevented from transacting important business.

Beauties of Warwick Castle.

Warwick castle is held by many to be the most beautiful seat in England. The large baronial hall is a magnificent room. It is decorated with the most perfect specimens of armor, furnished in a luxurious manner, and masses of flowers and large palms abound on every side.

Twentieth Century Air Valve

A valuable article for steam heated houses. It is guaranteed to exhaust the steam vapor from the boiler fast as it generates and allows its circulation freely in to the radiators. These air valves are so constructed (as you will notice by the cut) that the slightest degree of heat will automatically open the valve and expel the cold air. When the fire is low the valve closes and prevents back suction of cold air into the pipes. The valve can be seen in operation, costs but \$1.50, and will save its cost in one season.

WARRANT ISSUED FOR AMOS ROGERS

MILWAUKEE ROAD ENGINEER
BLOCKED STREET.

So R. J. Richardson Alleges in His Complaint—Trouble Is Said to Have Happened on North Main Street Side Tracks—Case Promises To Be Interesting

On complaint of R. J. Richardson a warrant was sworn out this morning and placed in the hands of Chief of Police J. W. Hogan for the arrest of Amos C. Rogers.

The defendant is in charge of the local switch engine on the Chicago, Milwaukee & St. Paul railroad and according to the complaint is charged with blocking North Main street near the corner of Fourth avenue.

Mr. Rogers has been a resident of Janesville for a number of years and is a man held in the highest esteem. He resides at 307 West Bluff street.

Mr. Richardson is proprietor of the Globe Works Company located at the corner of Main street and Fourth avenue. Last summer a new side track was placed in front of Mr. Richardson's property so as to accommodate leaf tobacco warehouses farther south. It is on this track that it is claimed much of the trouble has been caused.

It is said that the railroad company will show that they at no time blocked the street any more than was necessary by the transfer of cars.

PROF. I. E. DENNIS WEDS MISS WASGATT

Well Known Janesville Magnetic Healer Will be Married by His Father This Evening.

This evening at the Bradford home of Mr. and Mrs. Sexton will be performed the ceremony that will unite as husband and wife Prof. I. E. Dennis and Miss Ethel B. Wasgatt. The nuptial knot will be tied by Rev. C. W. Dennis, of Amery, Wisconsin, father of the groom to be. After the extending of hearty congratulations the happy couple will enjoy a wedding repast surrounded by relatives and a few invited friends.

Prof. and Mrs. Dennis will take no wedding trip as the groom's business demands his time in Janesville.

The prospective bride is a graduate of the Janesville High school and is a young lady held in the highest esteem by a large circle of friends. Prof. Dennis located in Janesville last summer and fully demonstrated that he is a man well informed in his business. He is liberally patronized and counts among his patients many of the leading business men of the city. He is a graduate of Prof. Weltmer's American School of Magnetic Healing, located at Nevada, Mo.

Prof. Dennis will be assisted at his business by his wife and many will join in extending the happy couple best wishes.

MISS JACKMAN ENTERTAINS

Delightful Social Function Held at the Home of Her Sister.

Miss Mabel Jackman entertained members of a ladies' card club this afternoon at the East street home of her sister Mrs. W. G. Wheeler.

Mrs. Mary Lappin will entertain members of the Ladies' Bique club tomorrow afternoon at her Park Place home.

MOULTON TO VISIT FLORIDA

Well Known Railroad Man Goes for the Benefit of His Health

Mr. and Mrs. Fred Moulton and daughter left this afternoon for a month's visit in Florida. They were accompanied by Mr. and Mrs. J. C. Deane of Harvard, and Mr. and Mrs. C. W. Cole of Winnetka, Illinois.

Mr. and Mrs. F. J. Bailey and family, Mr. and Mrs. W. B. Conrad and son, and Malcolm G. Jeffris, Jr., left yesterday for Florida. Mr. and Mrs. Fred O. Howe accompanied them as far as Cincinnati.

We have several cases of sweet naval oranges, the 20c size which we will sell at 10c a dozen tomorrow. Grubb Produce Co.

ORANGES, oranges, oranges, at Dedrick Bros'; and if you cut out the coupon in their big ad today, it will be worth 10 cents in cash to you.

Cut out the coupon in Dedrick Bros' large ad and bring it to them tomorrow and it will be worth 10 cents to you.

Western Star Lodge No. 14, F. & A. M. meets in regular communication this evening. Work in the first is expected.

We have two cars of discolored No. 2 coal which we will sell at \$6.75 a ton until disposed of. F. A. Taylor & Co.

For Sale—Apply to John Thorough good, residence at 118 Madison street First ward, known as Trinity rectory.

Forty cords of heavy, white oak wood \$5.50 and \$6.00 per cord. Just the thing for chunk stoves. F. A. Taylor & Co.

WANTED—Immediately, twenty-five girls. Those experienced in running power machines preferred. Isabel Mfg. Co.

JACKETS, the latest styles and the best materials, now being closed out at \$5.00 each. Worth three times more than we ask now. Bort, Bailey & Co.

The ladies of All Souls church will serve supper Wednesday night at 5:30. There will be as usual a tempting menu with scalloped oysters at the head.

Members of the Eastern Star and their families will hold a social dance in Liberty hall tomorrow evening. Dancing to commence about 8:30 o'clock.

The Woman's Foreign Missionary Society of Court Street M. E. church will meet with Mrs. Eugene Lowell, 152 Racine street at 3 o'clock tomorrow afternoon.

It's a bargain you don't find every day—a jacket up-to-date in every respect and reliable goods from reliable people for \$5. We used to get \$12, \$15, \$18 and \$20 for these goods. Bort, Bailey & Co.

Dedrick Bros. are bound that every subscriber to the Gazette shall read their ads and are going to print coupons worth cash in every issue. Today's ad is worth 10 cents to you if you want oranges.

The regular meeting of the Twilight club will probably be held next Monday evening instead of on Tuesday evening. The banquet of the State Bar association will be held Tuesday evening, and many Janesville lawyers will probably attend.

There is no lack of enterprise at Dedrick Bros' store. They are determined to reach the people who buy groceries and get acquainted with them. Now they are going to make their ads in this paper worth cash to those who cut out the coupons. Better read their ad every day.

To everyone who cuts out our ad in today's Gazette and brings it with 13 cents to our store today or tomorrow we will give one dozen of our regular 23 cent oranges. We want you to read our ads and we want to get acquainted with you. Thus we shall make these cash offers regularly. All goods are regular stock and are sold regularly cheaper than you get them elsewhere. The coupons in our large ad are good only on days mentioned therein. Read our ads every day and bring in the cash coupons. They are worth your while. Dedrick Bros.

JOHN JOYCE AWARDED \$200 FOR INJURIES

MANGLED HIS LEFT HAND IN STONE CRUSHER.

Machine Belonged to the City—Council Members Took Action Last Evening—McKeigue & Worthington Case Will Not Be Prosecuted—Other Matters Disposed Of.

At a regular meeting of the common council last evening following are the important bills brought before the meeting.

John Joyce was awarded \$200 for injuries received to his left hand which was badly mangled in the city stone crusher on November 8, 1899.

City Attorney Burpee was instructed to dismiss the case of the City of Janesville vs. McKeigue & Worthington for the lack of sufficient evidence.

The Western Union Telegraph company was given permission to extend its wires upon the streets, highways and alleys of the city of Janesville, said extension to be used for a system of call box circuits which will be strung on poles already erected by other companies whose permission has been obtained.

When the meeting was called to order by Mayor Richardson all the aldermen were present except Aldermen Fifield, Gilkey and Kothman.

The application of James Gardner for a building permit to repair for temporary use the building occupied by him on North Bluff street, which was burned last week, was referred to the fire and water committee.

The Janesville Typographical Union requested that all city printing should bear the union label of the typographical union. The matter is now in the hands of the committee on printing.

On motion of Ald. McLean the city clerk was directed to draw an order on the treasurer for \$3 to pay the membership of Janesville in the League of Wisconsin Municipalities.

Ald. Rice introduced an order directing the city engineer to file in the office of the city clerk within ten days a statement duly certified, showing the entire cost of work of improving South Main street, from Carrington street to Sharon street, in the Third ward.

Ald. Carpenter introduced an order authorizing the mayor to dispose of at private sale the special street improvement bonds issued for the work of improving West Milwaukee street, at the best premium obtainable and that the premium so received be credited on said bonds. Adopted.

A DEAD BEAT LIST KEPT ON A SYSTEM

No Hardship is Worked on Anyone But Justice is Secured—Committee Issues Statement.

The Gazette is requested by a committee of the members of the Rock County Medical Society to give space to the following article:

Editor Gazette—A member of the Rock County Medical Society, who joined the society in September, 1899, has seen fit to call the motives of the society in question. The doctor being a recent member of the society has not informed himself as to the motives and meaning of the "dead-beat list."

Section VII of the constitution of the society reads as follows: "The secretary shall record the minutes and authenticate the proceedings, give due notice of all meetings, conduct the correspondence of the society, preserve all records and papers belonging to the society, and shall keep a dead beat book in which the names, location, street and number alphabetically arranged, of all persons so named and reported by the members from time to time, shall be entered; said book to be kept for the free use of the members at any and all times, and at the close of his term of office shall lay before the society a full report of his official correspondence and doings."

Article XV, is as follows: "It shall be the duty of any member who has caused a name to be placed on the dead beat list to announce in open meeting when said person so reported has paid his indebtedness, and cause said name to be stricken off the list, provided said person so reported has paid his indebtedness to all members of the society. All names registered in said book shall indicate by whom reported."

This list has been carefully compiled, and is revised from time to time; no names being added until they have had unpaid account of over two years' standing, and then only if they show no disposition to honestly try and pay. Any of the deserving poor can have the attendance of any member of the medical society whenever it is required and the list was not intended nor does it work a hardship on anyone. The only ones put on the list are those who can but will not pay their honest debts. These persons are requested to settle at the time of the visit.

This is the meaning and intent of the dead beat list as it was provided for in the constitution and by-laws of the society. To show that the idea of a dead beat list is no new thing with the Rock County Medical Society, we add a copy of regulations adopted in Feb. 1898 by the then practicing physicians of the city and a similar system has been followed to the present day.

Regulations Adopted Feb. 6, 1898

Whereas, Business of all kinds is transacted on a cash basis without credit and physicians are required to pay their bills like other people,

Therefore, We, the physicians of Janesville, have agreed to be governed in our practice by the following rules:

1. All bills must be considered due

as soon as the service is rendered, and strangers and transient persons must pay accordingly.

2. Regular patrons are expected to settle their bills every three months.

3. Persons neglecting to pay their bills without cause, will not secure the attendance from any of the undersigned physicians, and a list of such delinquents will be kept by each.

A. F. Corryell.

FEAR TROUBLE AT CAPE NOME

Rush of Gold Seekers in Spring sure to Cause Lawlessness.

New York, Feb. 6.—There will be a reign of terror in the new gold fields at Cape Nome, Alaska, next summer, in the opinion of John G. Brady, governor of the territory, and George N. Wright, postmaster at Cape Nome unless congress takes steps to establish civil government on a firm foundation and makes laws defining the proprietorship of claims.

An extraordinary rush of gold seekers to Cape Nome is expected next May, when communication with the outside world is reopened. Mr. Wright believes that before the end of the summer there will be 60,000 persons in Cape Nome.

No matter what you want to buy in the dry goods line you can save money on it at our clearing sale of winter goods. T. P. Burns.

MARSH INJURED IN RAILROAD YARDS

Local Switchman Struck By Passenger Train—Suffering From Concussion of the Brain.

Edward Marsh, 53 Chatham street, was badly injured yesterday afternoon by being struck by a passenger train in the local freight yards of the Chicago, Milwaukee & St. Paul railroad company. A deep gash was cut on the back of his head resulting in concussion of the brain.

The unfortunate man was taken to his home and Dr. Joe Whiting called. Today he was resting easy. He will recover.

Marsh is employed as switchman. While working on a freight car coupling he suddenly jumped from between the cars little realizing the approach of an outgoing passenger train on an adjoining track. As Marsh jumped from the freight car he was struck by one of the passenger cars. The side of the car dealt him a terrible blow. He was thrown with violent force to the ground. That he was not thrown beneath car wheels is a miracle. Being unconscious it was several minutes before he was discovered.

WAR ON WOODEN SIDEWALKS

Chicago May Take Steps to Destroy Cause of Damage Suits

Chicago, Feb. 6.—Every wooden sidewalk in Chicago will be torn up and given away for kindling if the recommendations of City Attorney Ryan announced yesterday, is adopted. Mr. Ryan is in favor of compelling suburbanites to walk on the ground until they acquiesce in the plan of placing stone or cement walks in every section of the city. The unparalleled increase in personal damage suits eventually will make the city of Chicago bankrupt, he declares, unless some such heroic step is taken.

It was after reviewing the report on personal injury suits against the city during January that Mr. Ryan spoke of using the ax. The aggregate amount claimed for damages is \$1,500,000, surpassing by nearly \$250,000 the record for any previous month in the history of Chicago.

Fire Insurance Notes

The office of the Citizens Mutual Fire insurance Co. has been transferred to Palmer & Sarasy's drug store, No. 51 West Milwaukee street. It has made a grand success, and after paying all losses and giving dividends to the insured since organization about \$3000.00 still has a reserve at present of over \$4000.00. In '95 and '97 this city paid as premiums to insurance companies about \$61,000 each year. In '98 and '99 (the two years following our beginning work) the premiums dropped to less than \$48,000 each year, saving nearly \$14,000 a year to the people of this city.

The Citizens Mutual began work on May, '97, and many of our policy holders concede the point that this saving has come around through our work and they like to carry a portion of their insurance with us to keep the principle growing. We are now carrying over \$500,000 of insurance but there is room for much more. Come with us and we will do you good. If you should not find C. W. Van Aiken, drop a card to him, or call up phone No. 178, giving your name and street number. So enthusiastic are the people that they recently telephoned from Edgerton for insurance. You can do the same it does not cost much.

BRIEF BITS OF LOCAL GOSSIP

CALL up phone 89 when you are cold. Janesville Coal Co.

FINNAN haddies, whitefish, mackerel, Columbia salmon. W. W. Nash.

"A chip of the old block"—our No. 2 nut coal. Janesville Coal Co.

SHOOK HIRES FOUR HUNDRED NEGROES

JANESVILLE MAN WHO RUNS MEXICAN PLANTATION.

Arrives Home on a Visit After Spending Several Months in Mexico—Has Charge of Five Hundred Acres—Discharges Many Lazy Mexicans for Black Men.

D. S. Shook, a prominent leaf tobacco dealer of this city, residing at 8 Mole avenue, is home after spending several months in the tobacco raising section of Vera Cruz, Mexico. The object of Mr. Shook's visit north is to secure the services of four hundred negroes to work on this Mexican leaf tobacco plantation. The black men are to take the place of Mexicans. The Mexicans are too lazy. Hence the change.

These four hundred negroes have already been secured by Mr. Shook who engaged their services at and around San Antonio, Texas. Within the next few weeks these four hundred black men will be shipped in one lot by boat from Galveston to Vera Cruz. Then they are transported by rail to the plantation. These colored men are for the greater part married men.

The object of this is to have men who have some responsibility on themselves. They don't care for men who will leave soon after their arrival. These laborers are paid about ten dollars a month and their board. The plantation is owned by Charles Leotin and company of Mannheim, Germany. All the tobacco raised is shipped to London.

Mr. Shook said to a Gazette man yesterday: "I have been in charge of this 500 acre plantation since last April. The greater part of the land is set to tobacco. The climate is excellent the year around. The thermometer will average 79 above. The tobacco will average about 450 pounds to the acre. It is a finer grade than Wisconsin leaf, but the leaves are not as large. We pay our men in Mexican money which means a little less than \$10 a month in American money. Their board is also included. If the laborers remain a year with us we pay their transportation to the plantation from the United States. I expect to return in May."

Plenty of good jackets left, yet that we are closing out at \$5.00 each. For merely these garments were sold for three times as much money. Have you read our large ad? Bort, Bailey & Co.

CONTRACTOR HILT SUES F. S. BAINES

Janesville's Ex-Mayor Has Trouble in the Erection of His Madison Leaf Tobacco Warehouse.

Al Hilt, a local well known mason contractor, has brought suit against ex Mayor Frank S. Baines for the collection of a bill he alleges is due him for work done on Baines warehouse at Madison. The bill is for extras and amounts to a small sum.

When the case was called in the municipal court today it was adjourned till February 20 at 9 o'clock. A private settlement is most likely. Sutherland & Nolan appeared for Mr. Baines, while Whitehead & Matheson represent Mr. Hilt's interests.

There are misses and children's shoes by the barrel which must all be closed out at some price. We must vacate April 1st, hence we can offer values such as no other house can. W. A. Nichols, Quatso's old stand.

"Woodman spare that tree" and use our No. 2 nut coal. Janesville Coal Co.

OPERATOR BLOWN INTO BITS.

Fatal Explosion of a Glycerin Magazine Near Findlay, Ohio.

Findlay, Ohio, Feb. 6.—The principal magazine of the Findlay Glycerin company, twenty miles from here, near Lima, blew up Monday afternoon, instantly killing Operator Giles, injuring five others so seriously that one of them died a few hours later, and the death of the other is a matter of only a few hours.

Cleveland, Ohio, Feb. 6.—The magazine of the Reader Stone company, at the quarries of the company on Fairmont road, in East Cleveland, twelve miles from the heart of this city, blew up Monday, destroying the office of the company, and fatally injuring Irvin Reader, son of the proprietor, and seriously injuring Murphy, a driller.

EDISON IS SERIOUSLY ILL.

Famous Inventor Suffering from Attack of Acute Laryngitis.

Akron, Ohio, Feb. 6.—Thomas A. Edison is seriously ill in this city, from what his physicians pronounce acute laryngitis. The great inventor had been attending the funeral of his sister at Milan, Ohio, and arrived in this city Sunday, taking immediately to his bed. Although his illness is severe, the attending physicians say they apprehend no fatal termination. Mrs. Edison, who is a daughter of the late Lewis Miller of this city, accompanied him, and they are at the Miller home.

May Review Carter's Case.

Washington, Feb. 6.—Attorney Abram Rose, representing Capt. Overlin M. Carter in the proceedings against him for embezzlement, etc., has made formal application to the United States Supreme court for a writ of certiorari in this case to be directed to the Circuit Court of Appeals for the Second circuit. The court announced that it would consider the petition, and the solicitor general was given ten days in which to prepare a brief in opposition. If the petition is granted the effect will be to bring the case to the court for review.

Accused of Stealing Ledger.

Shelbyville, Ind., Feb. 6.—As a result of scandal over the county deficit Auditor E. T. Carson was arrested Monday, accused of stealing the condensed ledger belonging to the auditor's office. He gave bond. The county refused to honor the demand of the bondsmen of ex-Treasurer Wilson for \$31,000, which they advanced to balance the county accounts when he went out of office. Julius Chuden was arrested Monday on three indictments charging him with forgery of bills for painting county bridges.

Accused of Abduction.

Columbia City, Ind., Feb. 6.—Lewis Kellaw, alias Bert Turner, was arrested Monday on charge of abduction. Two weeks ago he called at the home of James Straw, a Huntington county farmer, and induced Maude, the 12-year-old daughter, to accompany him to a spelling school. The girl failed to return home. It is said she was kept in subjection by threats, and represented as her captor's wife.

Strike on the Big Four.

Indianapolis, Ind., Feb. 6.—The strike of carpenters on the Big Four system has begun. It is said they will have some support from the various big organizations of the road's employees. The road has issued an order cutting off the bridge carpenters' and stone masons' time while going to and from work.

Bard Will Be Senator.

Sacramento, Cal., Feb. 6.—The adherents of Col. Dan M. Burns, who withdrew from the republican senatorial caucus last Friday night, met Monday night and decided to cast their votes for Thomas R. Bard. This assures the election of Bard on the first ballot, and his election will probably be made unanimous.

Farmer Fahnstock thinks he owns the stock he is so proud of.

But as a matter of fact the stock owns him. He is the humble servant of his cow, and he looks after himself better than he looks after himself, and feeds them before he feeds himself. That is why it is so often happens that just about the time that Farmer Fahnstock has reached the place where he can take things easy, he breaks down.

No class of people have been more quickly appreciative of the value of Dr. Pierce's Golden Medical Discovery than farmers and stock raisers. They have found it prevents disease, as well as cures disease. It keeps the stomach in healthy operation, stimulates the organs of digestion and nutrition and increases the secretions of the blood-making glands. The use of "Golden Medical Discovery," at seasons when the strain of the year is greatest, keeps the system in perfect working order and prevents the break down which comes from over drafts on the strength.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 115 lbs. was unable to do any work at all. Now I weigh nearly 160 and can do day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicine."

"Golden Medical Discovery" contains no alcohol, whisky or other intoxicant. A single item of medical knowledge when life is at stake has a value past computation. Dr. Pierce's Common Sense Medical Adviser has 1005 pages of priceless paragraphs. This great work is sent absolutely free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-bound edition, or 31 stamps for edition in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

TRIBUTE TO LAWTON'S MEMORY

Thousands at Fort Wayne, Ind., View the Funeral Cortege.

Fort Wayne, Ind., Feb. 6.—Fully 30,000 people viewed the cortege containing the remains of the late Major-General Lawton as it lay in state in this city all day Monday. Owing to the fact that the casket was hermetically sealed, it was not opened, but this did not take from the honor paid the city and the nation's dead hero. There were people from all parts of northern Indiana, and the residents of the city turned out en masse to pay tribute to the bier of the dead man who began his soldier career in this city, where he enlisted.

Indianapolis, Ind., Feb. 6.—The body of Gen. Lawton arrived at 10:30 o'clock Monday night from Fort Wayne, where it lay in state all day. The body was placed in the center of the capitol rotunda, directly under the great dome. The statehouse was thrown open to the public today at noon. The funeral party will proceed to Washington Wednesday morning.

Only Tour of All Mexico

In Pullman's finest compartment, drawing room, library, observation and dining cars—all vestibuled—with the celebrated open top car "Chililiti," longest tour ever offered—longer in Mexico, longer in City of Mexico, longer in tropics. Appears to Toledo Mayor.

Toledo, Ohio, Feb. 6.—The fame of Mayor Jones as a philanthropist has reached far-off Bari, in Italy. Graciano Colombo, proprietor of a large factory, writes the mayor unfolding the details of a large benevolent scheme, and requesting the loan of \$50,000, to pay 5 per cent interest and constitute a mortgage on the factory. Colombo desires to build an orphan asylum for 200 girls. He proposes to have them work six hours a day in the factory and devote four hours a day to study. The mayor himself is of the opinion that he can find scope for philanthropy much nearer home than Italy.

On Every Bottle

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to your druggist and he may refund the price paid." Price 25 cts., 50 cts. and \$1.00. Sold by J. P. Baker.

Report on Bubonic Plague.

Washington, Feb. 6.—Up to date there have been thirty-four cases of bubonic plague in the city of Honolulu, with twenty-seven deaths. The situation is serious, as the disease has broken out in several places outside of the originally infected district. One soldier of the Hawaiian National guard is dead of the disease, and a white woman from one of the stores on the principal business street is now ill.

Echo Mountain House Burned.

Los Angeles, Cal., Feb. 6.—Fire broke out early Monday morning, from a defective flue, in the upper story of the Echo Mountain house on Mount Lowe, and totally destroyed the large structure. There were forty-five guests, all of whom escaped uninjured, and a majority were able to save most of their effects. The loss is estimated at \$100,000, and there was but \$900 insurance.

Case Against Molinoux Closed.

New York, Feb. 6.—Manheim Brown, the Molinoux juror who has been sick, came to court Monday, and the trial went on after the lapse of a fortnight. The prosecution closed its case with the introduction of a few unimportant witnesses. The defense called its first witness this morning.

Sweden Side with the Boers.

Chicago, Feb. 6.—Swedish-Americans of Chicago held a meeting in Phoenix hall and denounced the British in their war against the Boers. Resolutions were passed declaring the sympathies of the Swedish people of Chicago to be with the Dutch republic.

Paris' Danger from the Seine.

Paris, Feb. 6.—The rapid rising of the Seine is causing the exposition authorities considerable anxiety on account of the many buildings on its banks.

Emperor Kuang-Hsu Alive.

Peking, Feb. 6.—Emperor Kuang-Hsu, who since Jan. 25 has been generally believed to be dead, is alive and still is nominally reigning.

Peace Treaty Is Ratified.

Washington, Feb. 6.—The Hague peace treaty was ratified in the senate Monday afternoon by unanimous vote. It was called up by Senator Davis, chairman of the committee on foreign relations, and to the surprise and astonishment of everybody present not a senator was prepared to discuss its provisions.

Lieut. Heron Is Safe.

Washington, Feb. 6.—Adj.-Gen. Corbin has received a telegram announcing the safety of Lieut. Heron and party, who were believed to have been lost while exploring Alaska. They are at Fort Gibbon.

Cruiser New York at Colon.

Colon, Feb. 6.—The United States cruiser New York has arrived here from Cartagena. It is said that she brings important news to the American consul concerning the rebellion.

Root Knocks Out Hammond.

Milwaukee, Wis., Feb. 6.—Jack Root of Chicago knocked out Jack Hammond, the champion middle-weight of Canada, so hard Monday night that it took five minutes to bring him to.

6,000 years have we waited for the greatest blessing ever offered. It doubles your joys and halves your sorrows. That's what Rocky Mountain Tea does. 35 cents. Smith's Pharmacy, Kodak Agents.

A DOCTOR WHO CURES.

It is thought to be beyond dispute that a celebrated Chicago physician, Dr. N. E. Wood, has the most extensive practice in treating chronic and nervous diseases of any physician in the United States.

Not only is he constantly occupied as President and Chief of the faculty of the great Chicago Medical and Surgical Institute, but he has several trained assistants who are equally busy in attending to his practice, which extends into almost every state and territory.

How Dr. Wood obtained his enormous practice our readers will be interested to learn. When a medical student, in addition to the usual course of lectures and study, he received private and special instruction in the diagnosis and treatment of a class of diseases which are usually neglected in the courses prescribed by all American medical colleges.

He became convinced that this important class of diseases did not receive the attention deserved from the medical profession, and he decided upon a course which would enable him to study these diseases closely and accurately. He kept a most careful record of every case he treated, of which there were thousands every year. He had case books printed for his special use, containing cuts of the human figure, upon which the various lesions and symptoms were carefully located. These proved very valuable. He was constantly on the alert for new facts, which were always carefully and accurately recorded.

The treatment which he employed in each case was also carefully recorded and a tabulated record of the results of treatment kept. In this way nothing could be forgotten, and the results were that he discovered new and most valuable methods of treating diseases of this character.

After thus carefully and scientifically investigating the most favorable means of combating diseases in the largest hospitals of America, Dr. Wood extended his research to the medical centers of Europe, visiting in turn the hospitals of London, Paris, Berlin, Vienna and Heidelberg, taking every advantage of the wonderful facilities for acquiring accurate knowledge in the treatment of a much neglected class of diseased conditions, to which he has since given his undivided attention.

In the Dissecting Room.

In Germany he made an arrangement with a large college hospital which enabled him to dissect a great many subjects, which fortunately included the cadavers of many persons who had died from the effects of various chronic and nervous diseases.

While thus engaged in scientifically investigating the cause of disease, his efforts were rewarded by the discovery which has been a boon to the human race, the ulterior cause of some of the most distressing diseases which afflict mankind.

The cause found, the means of relief was not difficult. He returned to America, perfected his system of treatment and at once began to demonstrate that he had really made a great discovery, and subsequent years of practice has confirmed and proven it a priceless blessing to mankind.

Dr. Wood is evidently an originator as well as a thorough student and indefatigable worker. His extensive correspondence and practice are reduced to a perfect system. It is a mystery to many how he can attend to his numerous patients.

In his office are filed over one hundred volumes filled with records of cases which he has treated, and some of them contain hundreds of pages. He also has a large number of remarkable testimonials, from bankers, ministers, lawyers, railway managers, editors, physicians, governors, congressmen and others in almost every walk of life.

The celebrated Prof. Thompson of London, speaking of Dr. Wood, says: "He is a man of indomitable energy, keen perception and tenacity of purpose, and a natural ability to accomplish any object he may undertake, who would be found in the front rank of any profession; being possessed of that peculiar talent which enables him to obtain immediate mastery over the most perplexing medical problems. He has the faculty of pleasing and inspiring his patients in the most remarkable manner. I have seen hundreds of persons consult him, who were at death's door with some terrible disease, come from his presence full of life, confidence and joy, and in every way feeling better, who improved from that hour. What he does to these dying sufferers I can not tell. He certainly cures them and charms them in a remarkable way. He does not undertake any incurable cases, but gives life and hope and health to thousands given up to die."—Chicago Journal.

RISING BREAST

And other painful and serious ailments which so many mothers suffer, can be avoided by the use of "MOTHER'S FRIEND." This remedy is a God-send to women, because it carries them through their most critical ordeal with perfect safety and no pain. No woman who uses "MOTHER'S FRIEND" need fear the suffering and danger of child-birth—for it robs this ordeal of its horror and insures safety to mother and child. Our book, "Before Baby is Born," is worth its weight in gold to every woman, and will be sent free in plain envelope by Bradfield Regulator Company, Atlanta, Ga.

MOTHER'S FRIEND

"Housework is hard work without Gold Dust"

To Clean Matting

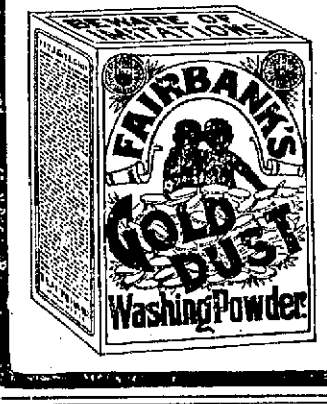

Few things can be used to clean matting; salt and soda have been used, but experience has taught that the best way is to have the matting thoroughly swept and rubbed quickly, with a solution of warm water with

Gold Dust Washing Powder

dissolved in it; it is best to use a woolen cloth; a tablespoonful of Gold Dust Washing Powder to a quart of water is the proportion; wring the cloth almost dry, and rub quickly, but the moment the water gets dirty, change it for fresh; then follow the wet cloth with a dry one. This will clean it perfectly.

The above is taken from our true booklet "HOUSEWORK FOR HOUSEWORK." Sent free on request to

THE N. K. FAIRBANK COMPANY, Boston, Chicago, St. Louis, New York, Eastern.

IN THE SENATE AND HOUSE

Sibley of Pennsylvania Declares Himself An Expansionist

Washington, Feb. 6.—In the senate yesterday after the transaction of routine matter Mr. Caffery spoke on the Philippine question.

Before he finished his argument the senate went into executive session, and on rising adjourned.

At the opening of the session of the house that body refused to pass Mr. Barthold's bill providing for the appointment of a committee to examine and report upon the pollution of the river waters by sewage, having in view particularly the discharge of Chicago sewage into the Mississippi river via the new drainage canal and the Des-plaines and Illinois rivers.

The house elections committee No. 2 reported its conclusions in the contest of Walter Evans (rep.) against Oscar Turner (dem.) from the Fifth Kentucky district, which were in favor of Turner, the sitting member. The report was adopted by the house.

Mr. Sibley Becomes Excited.

Mr. Sibley of Pennsylvania, in reply to a speech on the Philippine question by Champ Clark of Missouri, declared himself an expansionist, and said he was ready to move his seat to the other (republican) side of the chamber, if it were necessary, to prove his loyalty to what he believed to be good government. This declaration came at the close of a particularly heated debate.

The diplomatic and consular appropriation bill being taken up, was explained by Mr. Hitt. Mr. Dinsmore of Arkansas, head of the minority on the committee, addressed the house. He said there was no occasion for argument on the bill, for it met the unanimous approval of the committee. The committee then arose and the house adjourned.

BIG LABOR FIGHT IS ON.

Clash of Contractors and Union Men Begins with Plumbers' Lockout.

Chicago, Feb. 6.—The war between the building contractors of the city and the Building Trades' council, which promises to paralyze the building industry in Chicago for an indefinite period, was inaugurated Monday with a lockout of the journeymen plumbers, 500 in number. The next move by the contractors, it is said, will be an attempt to deprive the Building Trades' council of its name and its members of their working cards. This they hope to do by means of a blanket injunction, brought in the name of the Independent Brotherhood of Building Trades' councils, an organization which, it is claimed, has been in existence for six years under a state charter.

Today the only plumbers working in the city for general contractors are those employed by E. Dagget & Co., on the Marshall Field building and the Cummings job, at Fifty-first street and Grand boulevard. This work is being done by the permission of the Building Trades' council on account of its being work of a special nature. With the other master plumbers the tie-up was complete.

Within a day or two, the labor leaders say, a sympathetic strike of all the other trades affiliated with the Building Trades' council will be inaugurated. The building laborers also declined to work for any of the contractors who have adopted the new working rules, and it was estimated that fully 20 per cent of the Chicago workmen who have been actively engaged on jobs are involved. This means that 6,000 men will be thrown out if the strike is declared.

ELECTRICAL RESEARCH.

Some Things That Have Not Yet Been Found Out.

Prof. McAdie says that before long science will succeed in measuring the energy of a lightning flash, and also in demonstrating the nature of the aurora. That the aurora is an electrical phenomenon has long been recognized. An intimate relation seems to exist between the aurora and sun spots. In 1832 the astronomer at Greenwich sent out notification of the appearance of an enormous sun spot on Nov. 17 of that year. For three hours on the morning of that day not a wire of the Western Union Telegraph company could be used, and not even the market quotations could be distributed. At night there was a brilliant auroral display and all telegraph service was again interrupted. Cables to Europe and wires to Chicago were alike unworkable; but some messages were sent as far as 700 miles by cutting off the batteries and utilizing the atmospheric electricity. Over half of North America, across the Atlantic and over northern Europe it seemed as if legions of ethereal demons were busy inciting electric and magnetic apparatus to strange and mischievous antics. The artificial production of an electric fire-ball by Prof. Richmann is unique, though electricity in this form is not unfamiliar. Sometimes such balls are seen to run along the surface of the sea, and when they appear on land they usually burst with a loud noise, often with disastrous effects. Nobody has yet been able to explain these balls, which appear to be a very concentrated form of electricity. When the experts say, as most of them do, that electricity is merely a form of motion, the explanation is more or less unsatisfactory, but how is one to account for the presentation of a form of a motion in the shape of a luminous sphere?—Boston Transcript.

Only Male Jaws at That.

The muscles of the human jaw exert a force of 534 pounds, and those of mastiffs, wolves, etc., far more.

Macrum Riddle Unsolved.

Washington, Feb. 6.—The Macrum riddle is still unsolved. Charles E. Macrum, formerly United States consul at Pretoria, came to Washington from New York Monday, and departed at 7:20 o'clock Monday night for East Liverpool, Ohio, his home, leaving the officials of the state department as much mystified as ever as to his reasons for abandoning his post when his presence there was so urgently required. Not only did he decline to tell the newspapers the object of his return home, but he left town without enlightening President McKinley, Secretary Hay, or anybody else.

Sirdar Reports on Egypt.

London, Feb. 6.—A dispatch to the Daily Mail from Cairo says that Gen. Wingate, sirdar of the Egyptian army, who recently hurriedly proceeded to Omdurman on account of the insubordination among the Soudanese troops there, reports that affairs there were serious, but are now improved. It is reported in Cairo that several native officers were arrested for instigating the insubordination.

Hay Instructed to Inquire.

Washington, Feb. 6.—At the request of the British government, preferred through Lord Pauncefoot, the resident ambassador, the secretary of state has sent a telegram to A. S. Hay, United States consul at Pretoria, directing him to make an investigation into the alleged shooting by Boers at Harrismith of an Englishman named MacLachlan because he refused to join the Boer army.

Anti-Pass Bill Presented.

Des Moines, Iowa, Feb. 6.—Representative Hughes of Iowa county has introduced a bill to prohibit the acceptance of railroad passes by members of the legislature, all state officers, all judges of courts and all delegates to any political convention of any character. The penalty prescribed is a fine of from \$100 to \$1,000. The bill is expected to receive the support of all democratic members and of a large number of republicans, who are bent on doing away with railroad influence in Iowa politics.

Wealthy Men Burned Alive.

Portland, Ind., Feb. 6.—William and John Newton, brothers, were burned to death Sunday night in their home, one mile west of this city. There is talk of foul play, and bloodhounds were taken to the scene, but nothing was found to indicate that it was murder. The Newtons were very wealthy and eccentric, and were believed to have kept money in the house.

Meets Sugar Trust's Rise.

New York, Feb. 6.—Arbuckle Bros. have advanced their prices for sugar to correspond with the American Sugar Refining company and have stopped selling at the old prices.

Strawberries.

Frankford has an interesting curiosity in the form of a strawberry plant bearing twelve good-sized berries, which may be seen in the window of Mrs. J. M. Fredericks' residence, 4341 Paul street. The plant was taken from the yard in the fall and placed in a flower pot. No great care was taken of it or attention paid to it until recently, when twelve blossoms appeared. The berries followed in due time and look especially tempting in this wintry weather, when strawberries are a decided luxury.—Philadelphia Record.

To Build Big Iron Ore Docks.

Ashtabula, Ohio, Feb. 6.—M. A. Hanna & Co., according to well-founded rumors, are negotiating for several acres of land at Fairport harbor, near Painesville. The intention is to erect extensive docks for iron ore. Fairport has a splendid natural harbor, and it is believed it will yet prove one of the most important of ore receiving ports.

To Enforce Vaccination.

Terre Haute, Ind., Feb. 6.—The board of health announces the presence of five cases of smallpox in various parts of the city, and has decided to enforce a general vaccination rule. Twenty-two physicians will begin at once to vaccinate all school children at the city's expense.

HOSTETTER'S
CELEBRATED

You're Weak Instead of Strong

Make Yourself a New Man!

Dr. Green's Nervura

BLOOD AND NERVE REMEDY

Will Give You the Strength and Vigor of Perfect Manhood

A man should be a man. A vigorous, athletic, hearty, happy being, with brain alert and body strong—vigor shining from every feature of his face. Dr. Green's Nervura blood and nerve remedy makes strongmen of weak men. It transforms weak, pale, nervous, listless, run-down, and vigorous sufferers into real men. It cures nervous exhaustion in any form, general debility, despondency, dizziness, and any disease whatsoever, resulting from worn-out nerves and impure blood. It purifies and enriches the blood and recharges the nerves with the electricity of life. It will bring to any weak, trembling arm the ability to draw the arrow of life with a firm touch and drive it straight through the bull's-eye of success. It does women just as much good as men—it makes them strong and well. This is the best season to take it. It is worth more than all the other so-called "cures" put together. Don't forget it—Dr. Green's Nervura is the medicine to take to put you in sound and perfect health.

Mr. Emil Giglio, 147 Wallace St., New Haven, Conn., says:— "With aching bones, loss of appetite, great nervousness and general weakness, and after employing several prominent physicians in the vain hope of relief, I at last resolved to take Dr. Green's Nervura. I feel like a new man. I am working hard every day. I feel like a Samson, and all persons who know me are surprised to see me looking so well, strong and vigorous. I advise the use of this wonderful medicine for all weakness of the nervous and physical system, and I hope those who read this testimony, and who are in a similar condition to mine, will give it a trial and be convinced."

There are many cases of complex character which patients cannot fully understand. Dr. Green cordially invites all such sufferers to consult with him fully and freely, personally or by letter, at his office, 35 West 14th St., New York City. There is no charge for such consultation and every communication is strictly confidential.

LION COFFEE

Used in Millions of Homes! Accept no substitute! Insist on LION COFFEE, in 1 lb. pkgs.

These articles mailed FREE in exchange for lion heads cut from front of 1 lb. LION COFFEE pkgs.

A Detailed Map of Rock County . . .

Work is now in progress on a new wall map for Rock County. In size it will be 42x47 inches, mounted on cloth, and each township (of which there are twenty) will be neatly colored. The county will be represented on the scale of 1½ inches to the mile and will show the location of streams, lakes, cities, villages, school houses, churches, town houses and residences, public roads and railroads. It will also locate the farms, giving the number of acres and the name of the present owners wherever it is possible to do so. As fast as the drawings of the townships are completed they are verified so that the map will be as nearly correct as possible. The work will be of great value to business and professional men and farmers, and should find place in every school house in the county. The last wall map of the county was made a great many years ago, so that this new one will fill a long felt want.

The Price is \$6.00.

Only enough of the Maps will be printed to fill orders. This fact should be borne in mind by those interested. Agents will begin the work of canvassing at once; orders may be given them and may also be sent to us in care of The Gazette office. If you will send in your name a representative will call and give more information if necessary.

The undersigned hereby orders W. W. HIXSON & CO. to publish and deliver to me or us . . . Map of Rock County, Wisconsin, for which I agree to pay W. W. HIXSON & CO., or agent, the sum of Six Dollars on delivery of said Map.

The Maps to be mounted on Cloth, neatly colored by townships. The county will be represented on the scale of 1½ inches to the mile and show the location of Streams, Villages, School houses, Churches, Townhouses and Residences, Public Roads and Railroads also, locating the Farms, giving the number of Acres and the name of the present owners, wherever it is possible to do so.

You Can Save Time by filling out and signing in ink your full name to the accompanying order and forwarding it to us, care of The Gazette.
